Oxy-Gold™ Edge

Natural Antioxidants

Oxy-Gold™ is a **grain-free**, feed-grade antioxidant, made from plant-derived natural extracts. It is used to preserve animal fats, vegetable oils, fat-soluble vitamins, and other materials subject to oxidation.

Oxy-Gold™ can help reach the pet parent's desire for natural ingredients, while maintaining product freshness, taste, quality, and safety.

Wilbur-Ellis Nutrition offers a variety of stock liquid and powdered, natural antioxidant products to the Pet Food and Rendering industries.
